

Welcome to take part in the Children and Young People Department's 2019 questionnaire about how you as a guardian feel that your child is doing at preschool.

All responses are anonymous, but connected to the respective preschool so that the preschool head and staff can use the results in their quality work.

The questionnaire has been reworked a bit this year, with certain questions from previous years as well as complementary questions. The questions are about safety, goals, peace and quiet, everyone being equally valuable, equality, environment and the school premises. Finally, there is an opportunity to write down any other views that you want to put forward.

The questionnaire only takes a few minutes to answer, and we consider your responses to be very important to our improvement work.

Kind regards,

L.E.
Development Strategist
